“The terrorists attacks on Sept. 11, 2001 have joined the cities of Washington D.C. and New York, and painted vivid pictures of horror, sadness, and loss. But out of these feelings of sorrow and desolation have risen images of great courage, valor, gallantry, and heroism that have not been seen in this country for many, many years. We honor the heroes who gave their lives that day in service to their fellow men as they bravely moved through the falling concrete, steel, and fire of the World Trade Center and the Pentagon....The power of our collective consciousness grows stronger and more resolute.”- Col. Gary F. Lamb, Commander, U.S. Army Band.
