- Develop and learn about networking skills and resources including LinkedIn
- See how (interests/skills/personality) assessments can help you plan a new career path
- Learn if personal career counseling would help

October's topic:

Learn about free career assessments and career development websites

The Department of Workforce Development and the Black River Falls Public Library are collaborating to offer career exploration services through a monthly group chat with a professional career counselor from the State of Wisconsin.

Contact the library at 715-284-4112 to participate in a session facilitated by Myron Daubert, a licensed professional counselor who has provided one-on-one career counseling and career development workshops for the State of Wisconsin for over 8 years.
