

Library Services Update

- The Library building is open for computer use, printing, photocopying, and limited physical browsing. Hours are:
 - Mon., Tues., Weds.: 10am-12:30pm and 1:30-7pm
 - Thurs., Fri.: 10am-12:30pm and 1:30-5pm
- Curbside services continue to be available.
- Face coverings for individuals age 5 and older are required. Physical distancing is strongly recommended, and this protocol will be followed by Library staff. The Library will be at a 20-person browsing capacity. **Green** sign means the library is accessible, **red** means the library is at full capacity. We ask that you limit your browsing to under 30 minutes.
- Computer access for up to 60 minutes per patron per day is available on a first-come, first-served basis; however, computer assistance from library staff is not available at this time. Please bring a friend or family member capable of providing assistance should it be required.
- Restrooms, study rooms, and small conference room are not available. City Hall is closed to the public, so their conference room and restrooms are not currently accessible.
- We will be accepting returns in a bin located by the circulation desk, and through the book drop. All items returned will be quarantined per CDC guidelines before being checked in.
- Items may be ordered online via your Winding Rivers Library System account: <https://encore.wrlsweb.org/iii/encore/search>. If calling the library for assistance in placing your order, please continue to limit your requests so that we may better accommodate everyone.
- WISCAT is available for requests and can be accessed by visiting the Library's website: <https://www.blackriverfallslibrary.org/online-resources/>. Numerous other online resources can be freely accessed on the Library's website. Please contact staff at 715-284-4112 for more information.
