from *Mary Woods, Jackson County History Room*

The History Room continues to be a great resource for local history and genealogy research. Almost daily, I leave work thinking that the connections researchers make by these resources are almost unbelievable. Take the case of John Pederson from Stillwater, MN. John and his sister, Jill Lund, visited the History Room in mid-July, and John did some final research before a trip to his ancestors' homeland in Norway. Born and raised in Jackson County, several of his ancestors are buried in Upper Pigeon Creek Cemetery, in the Town of Northfield. John mentioned that he was going to meet with a researcher in Norway who has written about those who came to this area. I thought to myself, that must be Vidar Stoen. Well, that opened up a new conversation, and when I pulled Vidar's book from the shelf, John quickly responded with a big grin. As Vidar had visited this area several times, I asked John to greet him from me and send a photo of him and Vidar. I received the photo today, and John stated that Vidar had taken him to the homes of two of his ancestors! They are holding Vidar's book that he wrote following his visits to this area. What a resource and what a trip! Enjoy the photo!

from *Bonnie Gomer, Library Assistant*

2022 has been and continues to be a great year for books from some of our favorite authors and some of their favorite characters/series. In addition to new books for such on-going series as "Jack Reacher," "Women's Murder Club," "Kay Scarpetta," "Alex Cross," "Leaphorn & Chee," "In Death," and many more of our favorites, some authors have added second and third books to some of their newer characters. Coming soon to our website is a list of new series books plus new standalone books from some of the authors we've come to enjoy. (Please note this is not an all-inclusive list.)
