Black River Falls Public Library will have a new item for checkout soon! We are processing a Car Code Reader/Battery Life Checker device. It will provide an error code for the vehicle as well as a brief description of the error. The device is compatible with most 1996 and newer vehicles and comes with an instruction manual and USB connector.

The library also has cake pans, hotspots, and nerf activities available. Stop in and check them out!

Jackson in Action & Jackson County Health 'Food of the Month' will continue to bring yummy foods to eat! Stop in and check out our many new books. Happy Reading!

from *Mary Woods, Jackson County History Room*

Summer has brought researchers and visitors to the History Room. Interest in local history continues to grow. A few examples of the questions presented during the past month:

- When was "The Fill" built?
- I found this unidentified photo at a garage sale. Can you tell me who this is?
- Can you identify the mill in this photo and its location?
- Looking for information on the 4-H Clubs in the county. Can you help me?
- How do I find the original citation for my uncle who received a Bronze Star?
- Trying to find my ancestor's farm in the Taylor area. What can you tell me?
- Doing a display for the State Fair on cheese factories in Jackson County. Can you help?
- Researching my Norwegian ancestors who came to Black River Falls in 1891. Can you help me locate church/cemetery records?
- Looking for information on the gentleman who may have painted the Melrose American Legion car. Would you have information on him?

That's just a sample of the questions I recently received. In most cases, the answers were found in either the biographical or subject files.

Reminder: Researching Your Home's History Seminar: Saturday, September 9, 10 a.m. in the Library's Program Room. No cost, but registration is appreciated. 715-284-4112 #3.

As always, I encourage you to make a visit to the History Room. After all, it is a great place to visit.
